

SIMPLE SOLUTION. BRIGHTER FUTURES.

Current Data Collection ▾

Data Frustration

Limited 2-month data load window

Introducing TSDS ▾

Data Freedom

All submissions open from the first day of school

Data Error

Limited validations = reloading data dozens of times

Cleaner Data

New validation tool saves time = cleaner data sooner

Data Overload

Frequent crashes during submission periods

Data Power

Improves system capacity, reduces technology risk

Limited Data

Limited data returned to educators; data received too late; viewed on 10 - 15 screens

Timely, Useful Reports

One easy-to-use dashboard puts real-time student data in the hands of educators

Heavy Financial Burden

Processing data is expensive in time and resources

Cost Efficient

Streamlined process saves time and money.

TSDS will ▾

1. Modernize the PEIMS data collection process to reduce technology risk and system downtime, allowing for more system availability and ease of use.
2. Put real-time student performance data in the hands of educators to improve student achievement.
3. Become the one common data collection platform for TEA to reduce the data collection burden on districts and charter schools.
